also be increased. The Digestive organs strengthened, and the Bowels regulated, by using Ayer's Pills. These Pills are purely Vegetable in their composition. They contain neither calomel nor any other deleterious drug, and may be taken with perfect safety by persons of all ages.

I was a great sufferer from Dyspepsia and Constipation. I had no appetite, became greatly debilitated, and was constantly afflicted with Headache and Dizziness. I consulted our family doctor, who prescribed for me, at various times, without benefit. More than temporary relief I first commenced taking Ayer's Pills. In a short time my digestion and appetite

IMPROVED

my bowels were regulated, and, by the time I finished two boxes of these Pills, my tendency to headaches had disappeared, and I became strong and well.—Dallas M. Logan, Wilmington, Del.

I was troubled, for over a year, with Loss of Appetite, and accused Debility. I commenced taking Ayer's Pills, and, before finishing half a box of this medicine, my appetite and strength were restored.—C. O. Clark, Danbury, Conn.

Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered Stomach and Liver. I suffered for over three years with Headache, Indigestion, and Constipation. I had no appetite, and was weak and nervous most of the time.

BY USING

three boxes of Ayer's Pills, and, at the same time dieting myself, I was completely cured. My digestive organs are now in good order, and I am in perfect health.—Philip Lockwood, Topeka, Kans.

Ayer's Pills have benefited me wonderfully. For months I suffered from Indigestion and Headache, was restless at night, and had a bad taste in my mouth every morning. After taking one box of Ayer's Pills, all these troubles disappeared, my food digested well, and my sleep was refreshing.—Henry C. Hemmenway, Rockport, Mass.

I was cured of the Piles by the use of Ayer's Pills. They not only relieved me of that painful disorder, but gave me increased vigor, and restored my health.—John Lazarus, St. John, N. B.

THE SPIRIT OF UNITY.

Presbyterian General Assemblies in Session at Philadelphia and Omaha.

A General Sentiment in Favor of Organic Union Taking Possession of the Brethren.

Election of Officers of the Reunited Branches of the Independent Order of Good Templars.

The United Presbyterian Church for Prohibition.

PHILADELPHIA, May 28.—At yesterday morning's session of the General Assembly of the United Presbyterian Church of North America, the following resolution was presented and referred to a special committee: "We declare against all measures of license or tax as delusive and in no way calculated to end the evils of the liquor traffic, but rather sanctioning, perpetuating and intrenching more strongly the traffic, that the only effective, permanent remedy is through entire prohibition of the manufacture, sale and importation of intoxicating beverages by the States and National Government, and through constitutional amendments and statutory laws.

Salutations were exchanged with the Associated Reformed Synod of the South. Rev John A. Todd, of the Reformed Dutch Church of North America, in conveying a message of good will, explained the tenets of his church. Moderator Gibson, replying, said the door of the United Presbyterian Church was large enough to admit the reformed Dutch and all Reformed Presbyterians, and he would be glad to see them come in. A resolution of thanks to Dr. Todd, and directing the appointment of a delegate to the Synod of the Reformed Dutch Church at Catskill, N. Y., June 1, was presented. It was recommitted in order that the committee on correspondence might suggest the name of such delegate.

Mr. Todd's address took the ground that there was unity between the two churches on all essential points. Both insisted also on the doctrine of the Perseverance of the Saints. In his response, Moderator Gibson agreed that the two bodies were really under one banner. It is not so much the Perseverance of the Saints which troubles us, he said, as it is the perseverance of the sinners. He wished the Reformed Dutch Church success in its work.

Rev. J. C. Galloway, in presenting the resolutions of fraternal greeting by the Southern Synod, said he would frankly state that the Associate Reformed Church South had rejected the basis of union for two reasons. First, the agitation by the United Presbyterians of the instrumental music question; second, because of the opposition by a respectable minority to the fourteenth article in the testimony of the United Presbyterian church. The Associate church does not wish to restore slavery. They are glad that incubus is destroyed forever. [Applause.] The opposition comes from the old people who live in the memory of the past, but it is more a matter of sentiment than of principle, and the majority feel that they ought to regard it, and not outrage the feelings of their elder brethren unnecessarily and drive them from the communion. By the year 1900 slavery will have become a mere tradition. The New South has no leaning toward reaction. He asked why the two branches could not unite simply on the Westminster confession as historically interpreted. Ultimately they would have organic union as they now have spiritual union.

The moderator replied in an appreciative vein, taking the ground that there was no need for haste in changing the policy of the church concerning music, and that as to the fourteenth article of testimony, it was the record of the church, but would not stand in the way to ultimate union.

The committee on bills reported that owing to the still unsettled state of opinion as to the propriety of using fermented wine in communion the question can not now be wisely reopened.

The assembly adjourned without acting on the report.

A letter to the Episcopal church, expressive of fraternity and good will, was ordered printed. The report of the committee on temperance was received and discussed. An ineffectual attempt was made to have the committee abolished. A resolution was adopted deploring intemperance. The evening session was devoted to matters of discipline.

The Spirit of Unity Abroad in the Land.

OMAHA, Neb., May 28.—The Presbyterian Assembly met yesterday morning at the usual time. A resolution received from the assembly in St. Louis, looking to united action between both divisions of the church, was read, and a conference committee similar to the one named in the resolution was appointed. The committee on correspondence reported upon the project of church unity, as suggested by the House of Bishops of the Protestant Episcopal Church, reaffirming the principles sustained a few days ago by the assembly, and suggesting the appointment of a committee to confer with a committee of the house with a view to said unity. Several communications looking to church unity were received from the Reformed Church.

At Upper Saranac Lake.

UPPER SARANAC LAKE, N. Y., May 28.—The Presidential pary arrived at the Prospect House at seven o'clock yesterday, p. m., driven out in buckboards from Paul Smith's, where they left the train at 5 p. m. They are quartered in Dr. Dunton's Cottage, near Prospect House. The trip by rail was not very eventful. Short stops were made at Rutland, Burlington, Manchester, St. Albans and Malone, and the President shook hands with as many persons in the crowds as could be reached from the car platform, where he stood. There were no speeches. Dr. and Mrs. Rosman of Brooklyn accompanied the party. The President will go a fishing today with a guide.

A Rear End Collision.

MANSFIELD, O., May 28.—At eleven o'clock yesterday morning, at Pavonia Station, on the New York, Pennsylvania & Ohio railroad, the second section of a live-stock train ran into the first section on a side-track, throwing ten cars loaded with cattle over an embankment, killing outright seventeen head and injuring as many more so badly that they had to be slaughtered. Ten cars containing cattle were totally wrecked. Two cars containing about two thousand live chickens were broken into kindling wood. Two hundred chickens were killed. Loss to the company about $25,000. Fortunately none of the train men were injured. Passenger trains were run over the Fort Wayne road, via Orrville and Akron.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Att'y, Clay Co., Texas, says "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying he "positively believes he would have died, had it not been for Electric Bitters."

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price, 50c and $1 at J. A. Swearingen's Drug Store. s6

INDIANAPOLIS is having a genuine boom, and the *News* of that city last week issued an edition of 20 pages set ting forth the glories of the Hoosier cap tatal. There's nothing like printer's ink.

"JEFF DAVIS is pleasantly mentioned by the Des Moines *Register* as "the greatest traitor in American history, the greatest coward in military annals, the meanest ingrate among the lower animals, and the chief Democrat of the country."

IT has been definitely decided by Adam Forepaugh that Chicago is the literary center of the universe. He says "I had three times as many people under my canvas every day last week as I had in Boston and I turned away about 3,000 people every night. I know what I am talking about when I say that for genuine git up and git culture Chicago beats the world."

The rush of young loafers and old loafers after the disgusting details of ... where they can hear the story of offenses that are never broached in a family circle and never ought to be broached in the public court, shows that humanity in this age of enlightenment and education has not much to boast of ... which, in spite of ... to delight in public exhibitions of this character.

The Southern ... Mr. Cable the novelist. He was to have delivered a lecture at Columbia S. C., next Friday for the benefit of the school ... but the engagement has been cancelled, owing to the action of a meeting called to protest. The Ladies Confederate Memorial Association have issued a circular declaring that his presence in South Carolina would be a disgrace to the State and ... insult to every woman in the south. Mr. Cable's word pictures of Southern life ... true to nature ... hostility against him. "It is Glorious to be Permitted to Justify the Ways of God to Man."

Dr. McGlynn on the Doctrine That Private Property in Land is a Chief Cause of Human Slavery.

Meeting of the Anti Poverty Society.

NEW YORK, May ... There was such a large attendance at the meeting of the Anti-Poverty Society last night at the Academy of Music that hundreds were turned away unable to gain admission to the building. Every seat in the vast ... John McMackin presided ... and ... with ... on the platform. Dr. McGlynn, president of the society, ... the chief speaker of the evening. In another part of the lecture he said:

It is a mistaken idea of religion that we should ... the spiritual nature of man ... teaching men ... obtain bread would not be of itself sufficient to enlist enthusiasm, not worth the sacrifice it perhaps shall cost. But when we see that in the questions of obtaining bread lie questions of eternal justice, then we are ready to preach it, not from Christian pulpits, from the stages of theatres, from the back of the sea shore or from the tail of a cart the great spiritual truths underlying this labor question. [Great applause.] These places are not unworthy of them if they had not been unworthy of the Saviour."

Dr. McGlynn declared that in the name of ... was being given ... the giving to a few of that which ... for all. It was claimed that a title founded on ... was a better title than the rights of eternal justice.

The speaker apologized for referring to his personal affairs. He said he had no quarrel with the spiritual dogmas of the Holy Catholic Church, and on this Holy Whitsunday morning he had knelt before an humble Catholic altar, and he hoped not unworthily partook of the sacrament. So little did he fear that the gospel of the new crusade contradicted Christ's precepts that he had prayed that God might send his holy spirit down to enable him to preach it for the comfort and edification of God's children.

Dr. McGlynn indicated by many remarks in the course of his address that he had no idea of abandoning the doctrine that private property in land is wrong and is a chief cause of human misery.

Dr McGlynn's Eloquence.

NEW YORK, May 29. Dr. McGlynn delivered an eloquent address yesterday afternoon at the memorial services of General Thomas S. Dakin Post G. A. R., at Cypress Hill Cemetery, Brooklyn. He was introduced by Mayor Whitney, and was received with great applause. He spoke tenderly of the dead soldiers, whose graves were around him saying "They earn God's best rewards who forget their own selfish interests to fight for the right."

An ex Confederate officer Rev. T. V. Robertson, and a Union veteran Rev. Walter Elliot, conducted a memorial service last night at the church of St. Paul, the Apostle in this city.

There was a very general decoration of soldiers graves in Brooklyn yesterday. Many prominent clergymen delivered addresses. The decoration of the Lincoln monument at Prospect Park plaza drew the largest crowd. A number of G. A. R. posts in this city also decorated the graves of fallen comrades.

FROM WASHINGTON.

Talmage at the National Drill--Eloquent Words From the Great Preacher.

Ten Thousand People Assembled to Witness Saturday's Evolutions--Drawing the Color Line.

Weekly Weather and Crop Bulletin--Remarkable Artillery Practice--The Award of Prizes.

Talmage at the National Drill.

WASHINGTON, May 29.—The sermon of the Rev. T. DeWitt Talmage, of Brooklyn, in the drill inclosure at three o'clock this afternoon, and the dress parade of six battalions of infantry, were the two events of to day, in connection with the National drill. The sweeping stretches of awards were brilliantly green and the skies were very blue, as Dr. Talmage mounted a platform and faced the main grand stand. Between seven and eight thousand well dressed people listened with close attention to the preacher for an hour. Three thousand people stood around the platform, unable to find seats within hearing distance, and loud applause many times marked the pauses.

Dr. Talmage's texts were: "Fifty thousand which could keep rank," and "Every one could sling stones at a hair breadth and not miss." The preacher said that both texts show us that if we must fight we should do it well.

"Nothing can be more important than this great National encampment. At a time when other nations are giving such care to military tactics, it behooves this Nation to lack nothing in skill. We shall never have another war between North and South, but about foreign invasion I am not so sure. If foreign foes should ever come, all sectional animosities would be obliterated. Here go our regiments into battle side by side, Fifteenth New York volunteers, Tenth Alabama Cavalry, Fourteenth Pennsylvania Riflemen, Tenth Massachusetts Artillery, Seventh South Carolina Sharp-shooters. I have no faith in the cry, 'No North, no South, no East, no West.' Let all your sections keep their peculiarities and their preferences, each doing its own work and not interfering with each other, each of the four carrying its part in the great harmony—the bass, the alto, the tenor, the soprano, in the grand march of the Union."

"Contrast the feeling of sectional bitterness in 1861, with the feeling of sectional unity in 1887. The two sections tried to reach up and get hold of the sword of Heaven, and the prayer of the Northern and Southern pulpits gave more information to the Heavens about the best mode of settling this trouble than was ever used. No use in hiding the fact that the North and South cursed each other with a withering and all-consuming curse. Beside that antipathy of war time I place the complete accord of this time. Since the years of time began there has there ever been in about two decades such an overmastering antithesis as between the war time of complete bitterness and this time of complete sympathy. To write the figures of 1861 I set up four crystals—crystals of tears. To write the figures of 1887, I stand up four members of your household figures of rosy cheeks and flaxen hair, if I can get them to stand still long enough.

"Living soldiers of the North and South, take new and special ordination at this season of the year, to garland the sepulchre of your fallen comrades. Nothing is too good for their memories. But they shall come again, all the dead troops. We sometimes talk about earthly military reviews, but what tame things compared with the final review, when all the armies of the ages shall pass by for divine and angelic inspection. St. John says the armies of Heaven ride on white horses, and I don't know but many of the old cavalry horses of earthly battle, that were wounded and worn out in service, may have resurrection. It would be only fair, that raised up and ennobled, they would be resurrected for the grand review of the judgment day. Hark to the trumpet blast the reveille of the last judgment. They come up. All the armies of all lands and all countries, on whichever side they fought whether for freedom or despotism, for the right or the wrong. They come, they come. The thirty five billion men estimated to have fallen in battle, enough if they stood four abreast, to reach clear around the earth four hundred and forty-two times. But we shall have time to see them all pass in review before the throne of judgment.

"Forward forward, let the orchestra of the Heavenly galleries play the grand march joined by all the fifers drummers and military bands that ever sounded victory or defeat. Forward in the grand review of the judgment. Forward! garrisons and eternal God. On that day may it be found that we are all marching in the right regiment and that we carried the right standard and that we fought under the right commander giving the ... million voiced cheer 'More than conquerors.'"

The wave of applause which broke forth as Dr. Talmage closed his sermon with a fervent exhortation was hushed in a moment by the few impressive strains of "Safe in the Arms of Jesus" performed with tender expression by the Marine band.

The dress parade began immediately after the services and as the columns of gay militiamen marched into position sectional pride manifested its ardor by heartily applauding the representatives of kindred States and cities. The bright and varied uniforms, the beautiful precision of the maneuvers and the perfect alignments, made a panorama surpassing in picturesque interest any military events of the week. The great throng of people, ignorant perhaps of Upton's code, looked only to the features most pleasing to the eye and whenever a point was scored in wheeling or a drill order was executed with automatic accuracy, they broke out into applause, and the fluttering of handkerchief warned the trim soldiery that the eyes of the ladies were upon them, literally beaming forth enthusiastic admiration.

The National Drill.

WASHINGTON, May 29.—The last of the Infantry contests for the National drill prizes was witnessed on the drill ground yesterday by not less than ten thousand people. As it had been on the preceding days of the week, the rain fell often and sometimes heavily. The militia organizations which participated in the competition are among the best in the country and, while none were perfect, nearly all showed a high degree of proficiency in the various evolutions and in the manual of arms.

The weather seriously interfered with the attendance upon the grounds. On three days the dress parade was broken up by showers, just as it was about to begin, and on Tuesday night the storm lasted so long that the fireworks exhibition had to be postponed. The companies that received the most applause during the drilling were the Toledo Cadets, the Lomax Rifles, the Belknap Rifles, the St. Paul company, the Muscatine Rifles, the Washington Light Infantry and the National Rifles. Among the spectators the verdict of excellence had been given to the Toledo Cadets, though the other organizations which showed special excellence have many warm adherents. There seems to be an impression among many that the Toledo Cadets did not drill according to tactics, that they had too many fancy steps in their movements. When questioned in relation to this, the Cadets say they did as every company did, followed the printed slips as handed them by the judges.

The zouave drill was very interesting, and the method employed by the Chicago boys to get over the fence was heartily applauded. It is probable that this company will be awarded the prize for their class.

The individual drill was witnessed by a large number of spectators, and as the men were retired from the line for mistakes they were derisively cheered.

The greatest interest has been taken in the boy band from Milwaukee. The little fellows played with an intelligence and precision not met with in many mature organizations, and were heartily applauded wherever they went. During the week they serenaded the United Press and local newspaper offices, the Grand Army headquarters, the Postmaster-General the Secretary of the Treasury and others, and seemed to greatly enjoy the ovation they received. In some instances the instruments were bigger than the boys, but they blew them with excellent effect. When playing they were as solemn as little owls, but when not at work, they munched peanuts and cakes, played mumblepeg and indulged in all mischief that usually belongs to the boy in knickerbockers.

Yesterday the Milwaukee Light Battery went to Fortress Monroe in a body, and will return to Washington to-morrow.

A large number of the officers and men have gone off on little side trips to New York, Philadelphia and Baltimore, but they will return to Washington before going home.

Company "A," of the First Minnesota, from Minneapolis, will go to New York Monday and remain until Wednesday, when they will return to Washington, and will leave here for home Thursday night.

Chief Justice Waite this afternoon entertained the officers of the Toledo Cadets and the ladies who accompanied the organization to Washington.

The Color Line—A Denial.

WASHINGTON, May 30.—The color line is reported to have cropped out again in yesterday's National drill exercises. After Dr. Talmadge had finished his sermon, and before the battalion dress parade began, the Vicksburg Southrons and Memphis Zouaves entertained the audience with some clever company maneuvers. Later on, when the battalions entered the field and formed in line for the parade, these two companies marched off, and it was also noticed that several other companies that had entered just before the Vicksburg and Memphis companies left the field, also, followed them out.

Captain Searles, of the Vicksburg Southrons says the explanation of this is to be found in the fact that the Washington Cadets (colored) formed part of the Washington battalion, that he purposely took his command off the field and refrained from joining in the dress parade because of the presence of the colored company on the field, and that five other Southern companies—the Memphis Zouaves, the Lomax Rifles, of Mobile, the two Texas companies and the Louisiana Rifles—after entering the field and learning that the Colored Cadets were to participate in the parade also, marched off."

This, in effect, is the statement in circulation on one side. On the other hand, General Ordway at headquarters, says there is no truth in it that these six Southern companies, through some misunderstanding, supposing they were to form a battalion for dress parade, came on the field for that purpose, but when they were informed that they were not included in the parade merely wheeled about and left the field.

Weekly Weather and Crop Bulletin.

WASHINGTON, May 29.—The Signal Office weekly weather and crop bulletin for the week ending Saturday, May 29, reports that during that week the weather has been slightly warmer than usual in the Mississippi valley, and thence westward to the Pacific coast, and from Southern New England westward over New York, Pennsylvania and Ohio. The week has been slightly cooler in Wisconsin, Minnesota, Virginia and the South Atlantic States but in all agricultural districts east of the Rocky mountains the average temperature for the week differs slightly from the normal. The season from January 1 to May 28 has been slightly warmer than usual in the grain and tobacco regions, while the average, daily excess in the cotton region has been from one to two degrees.

During the week the rain fall has been slightly in excess of the average in the cotton regions from Texas eastward to Georgia, and generally in New York, Pennsylvania and Virginia.

Frequent showers occurred in the corn and wheat regions, where the total rain fall for the week, although well distributed, was slightly below the normal, especially in the western portions. Owing to the favorable distribution of the rainfall the seasonal deficiency of ten to fifteen inches appears as yet, uninjurious in the cotton regions. Throughout the entire agricultural districts the weather has proved especially favorable for the growing crops, and the reports received this morning show that favorable conditions of rainfall and temperature yet continue except in Michigan, Illinois and Southern Minnesota where the needed showers to-day are predicted.

The Noble Red Cross.

WASHINGTON, May 29. One of the most notable features of the military encampment which has so engrossed visitors during the week just closed, and one which has achieved an undisputed success, has been the Red Cross Association. This noble philanthropy, representing the latest and improved organization for affording relief to the sick and wounded, obtained permission through its president, Clara Barton, to establish a hospital on the drill grounds, and was fortunate in having secured not only Government aid and countenance, but the gratuitous services of the medical director, Dr. J. O. Stanton, and those of the executive officer, Dr. Ross, with a corps of able assistants, many of whom did actual service in the late civil war.

The work of the Red Cross Association is highly benevolent and merciful, and does not conflict with any other established charities. Aside from its services during the Franco-Prussian, and the Turko-Russian war, the Red Cross has received the sanction of numerous prominent officials in this country, for its aid afforded to sufferers from the elements, and from the epidemics, such as those of the yellow fever in the South the great Michigan fires and the destructive floods of the Mississippi valley.

During its establishment of less than a week at camp George Washington, there have been treated at the Red Cross hospital 145 cases. A great many of the visiting militiamen will bear away with them greatful and lasting memories of the efficient kindness of Clara Barton and her aids of the Red Cross.

Remarkable Artillery Practice.

WASHINGTON, May 29.—Late yesterday, at the Arsenal, a gatling gun squad from Battery "A," First Ohio Regiment of Artillery, of Cincinnati, in a contest with the Louisville Legion, made 276 points out of a possible 400 at 1,000 yards. This is said to be the best record yet made at that distance. The score of the Louisville Legion was something more than one hundred. Of the 276 points scored by the Cincinnati men, forty five were bull's eyes.

The Award of Prizes.

WASHINGTON, May 29.—To-morrow afternoon the troops remaining in camp will assemble in the drill grounds at three o'clock, when the judges will turn over to the management of the drill, the prizes in sealed envelopes, addressed to the successful competitor or competitors. General Sheridan will then formally award the prizes. Between the awards and dress parade the companies will give a series of exhibition drills.

O'Brien in Boston.

BOSTON, May 29.—Mr. William O'Brein arrived in this city at fifteen minutes to eleven o'clock this morning from Montreal, over the Boston & Lowell railway. There was a great crowd at the depot awaiting his arrival and when he and Mr. Kilbride appeared there was great cheering. The police with difficulty forced a passage through the crowd for the visitors. Mr. O'Brien was too weak to respond to the loud demands for a speech, and went at once to the Parker House. He looked ill, and has evidently suffered a good deal from his treatment in Canada.

In the evening Mr. O'Brien was escorted to the Boston Theatre, where a tremendous crowd had assembled to greet him. John Boyle O'Reilly presided, and made a stirring speech in introducing Mr. O'Brien. It was many minutes before the applause which greeted the Irish editor had subsided sufficiently for him to be heard. He asked the indulgence of the audience saying he was not strong enough to speak at the length he would wish. The sympathy of America, he said, had ever been the day star of Ireland. After a short account of his trip through Canada, he branched out into the land question and Irish evictions. The Luggacurran horrors were detailed at length, his story bringing forth many cries against Lansdowne from his hearers. Mr. O'Brien was frequently interrupted by outbursts of applause, and exclamations from the audience.

Where the Fault Lies.

OTTAWA, Ont., May 29.—The Minister of Customs stated to a reporter last night that the Dominion Government is and always has been willing to meet the United States Government half way regarding international intercourse or the navigation of inland waters. The Dominion Government has made a proposition to the United States Government, in which it is suggested that the same privileges will be allowed American vessels entering Canadian inland waters as are allowed Canadian vessels entering American inland waters. The Minister of Customs indorses the report that recent correspondence with the Canadian Government has resulted in an understanding that the Canadian regulations in regard to the towing of vessels in Canadian waters and Canadian ports by American tugs, shall be amended so as to extend to American tugs, when in Canadian waters, "the same rights and privileges as are granted to Canadian tugs in American waters." Complaint is made, however, by the British Minister that the privileges covered by section 4370, Revised Statutes have not been extended to Canadian tugs when visiting American harbors in the upper lakes.

The fault in the past of a more amicable arrangement not having been arrived at appears to have been wholly attributable to the Washington authorities. Mr. Bowell says "It is the desire of our government to maintain the most friendly relations with our neighbors on the other side of the line and if the friendly relations which have existed in the past have been or are to be disturbed it is their fault and not ours."

Irish Immigrants Detained on Board.

PHILADELPHIA, May 30.—Eighty four Irish tenants from County Mayo, arrived here in the Scandinavia yesterday and were detained on board the vessel by the authorities, it being charged that the British Government had paid their fare to this port. It was said that the British Government had arranged with the evicted tenants to have their friends in America write letters asking them to come here and upon their agreeing to come the Government paid the fare so as to evade the law. The matter will be further investigated.

Receiver Appointed.

RICHMOND Ind., May 29. Burchenal & Rupe, attorneys for Jesse P. Fulghum and Arthur Reeves, stock holders and Isaac Kinzie, creditor of the Wayne Agricultural Company, filed a complaint yesterday for a receiver and the court appointed Thaddeus Wright who had been secretary and treasurer since 1874, with bonds of $150 000. James E. Reeves president of the First National Bank, Jesse Cates, president of the Union National Bank, and Isaac Kinzie are the sureties.

An Insane Murderer Arrested.

OSKALOOSA, Ia., May 29.—David Hites was jailed here yesterday for the murder of John Fall and wife, of Jefferson township, Wednesday night. Blood stains were found on his clothing, and appearances are against him. Hites has been insane for a number of years, and could not be held responsible if he committed the deed. The excitement over the murder is great all over the county.

Both Were Drowned.

THE POLICE AND THE COMMUNE.

PARIS, May 29.—A scuffle between the police and a number of Communists took place at Pere la Chaise Cemetery to-day. The disturbers were easily routed. Five arrests were made. The affair grew out of seditious utterances by the Communists, who were decorating the graves of their comrades who were executed for complicity in the atrocities of May, 1871.

THE THEATRE HORROR.

Decatur 6—Chicago 5.

There was a fair-sized audience at the park this forenoon to witness the first ball game between the Chicago Kents and the Decatur Club. The game was full of interest all through, and was one of the prettiest and most exciting contests ever witnessed on the grounds. The game was exciting to the close, and resulted as follows:

By innings	1	2	3	4	5	6	7	8	9	
Decatur	1	2	0	2	0	0	1	1	0	6
Chicago	0	0	0	0	1	0	3	0	1	5

Decatur battery—Hickman and Colligan; Chicago battery—Lunt and Yott. Umpire—Tom Golden.

Another game is in progress this afternoon.

Huge Changes.

C. A. Hansel, of Springfield, resident engineer for the Wabash, was in Decatur last week, surveying the Wabash yard. Important changes are to be made, involving an outlay of many thousand dollars. New tracks are to be built in the yards, and the electric light plant is to be established. The Wabash has completed the work of laying steel rails on the St. Louis branch.

Behind the Bars.

On his arrival in Decatur Saturday evening from Mattoon, "Dr." S. Warrick, the colored medicine boomer, who has been with us several months, was arrested on a state warrant charging him with practicing medicine in this city without a state certificate or license. The warrant was issued by Justice Curtis, was sworn out by W. H. Ratliff, who resides on North Water street, and was served by Constable Harris. Warrick hustled about and vainly tried to secure a bondsman. Failing, he went to jail and was placed behind the bars, with the remainder of the prisoners. He asked no favors, and got none. The case is set for trial before Curtis at 9 a. m. to-morrow. It appears that Warrick pulled an ulcerated tooth for Millie, daughter of Mr. Ratliff, on April 26th, since which time the girl has been in misery, and Ratliff now wants the doctor prosecuted. Warrick had intended to hold forth at the tabernacle Saturday night, but he was not there. His specialty company had an audience of 200 and tried to get even; so did the band. Should Warrick give bond or escape punishment to-morrow, he is liable to be arrested several times in succession on the same charge. His diploma, if he has one, has never been seen. He has no state license or certificate, and under the law he cannot practice medicine anywhere in Illinois without being subject to arrest every time he gives a prescription or treats a patient. Warrick doesn't appear to know that he is in the way of perpetual trouble. He thinks if he pays for a city license, as he has done in the past, that fills the bill. He is mistaken. He has had a revelation. Now he wants his liberty, so he can keep up the shows and do no other business except sell his patent medicines. He is financially embarrassed, as he had to put up $60 of the $115 fine at Charleston.

Missionary Meeting.

Last Saturday afternoon the Eureka Missionary Society held a most interesting meeting at Stapp's Chapel, carrying on an exceedingly well chosen programme. This society is composed of the young ladies and misses of Stapp's Chapel, and was organized by the district corresponding secretary, Mrs. Geo. Smith, under the direction of Miss Franc Baker. The officers of this young society have enthusiasm, energy and ingenuity, and propose to give some time in June a little exhibition of it, when it is hoped all noble hearted persons will come and give encouragement to such worthy labor as has been entered upon by these self-sacrificing young women. The missionary cause is clearly the cause of education. Churches and school houses are the blossoms of christian civilization, and these girls of ours, here in Decatur, wish to help with all their beautiful powers to furnish churches and schools in every land, that every soul may have the light of christianity in which to live and walk.

Charley's Gift.

Saturday evening Charley Maxwell, the accomplished leader of the new Light Guard band, was made the surprised recipient of a costly director's baton, made of ebony and adorned with gold and ivory trimmings. David Brown made the presentation speech in a happy style, to which Charley responded in fitting terms. The gift came from the 17 members of the band who are proud of their leader and their organization.

Jail Delivery.

This morning early four tramps and two little boys escaped from the Franklin street calaboose. One of the boys was small enough to squeeze through the bars. He got the keys, unlocked the doors and all left except Matt Durham, who was jailed Saturday night for assaulting a girl.

There were two lewd women put in the first ward cooler Saturday night.

GONE TO HIS REST.

Funeral of Richard Liddle.

The funeral of the late R. Liddle, which took place yesterday forenoon, called out an unusual attendance. The services were held at the Baptist church, of which the deceased had for many years been an active and useful member, and long before the arrival of the remains the church was crowded in every nook and corner, while many people who desired to testify their respect for the memory of the dead could not gain admittance.

The services began with a hymn by the choir, "Asleep in Jesus," after which scripture selections were read and prayer offered by Prof. E. A. Gastman. After another hymn, "Thou art gone to thy rest," the pastor of the church, Rev. Dr. Vosburgh, preached an eloquent and touching sermon, from II. Corinthians, iv., 18, "For the things which are seen are temporal, but the things which are not seen are eternal." At the close of the sermon the casket was opened, and those who desired went forward to take a last look at the kindly face of one whose life had been a blessing to all who knew him.

The funeral procession was then formed, the pall bearers being Edwin Park, J. M. Bower, Henry Smith, D. P. Elwood, W. H. Wiswell and W. C. Dimock. Following the hearse came the employes of the deceased, ten in number, bearing a fine floral offering, which they had jointly contributed. After the carriages containing the mourners came a long procession of vehicles—one of the largest that has been seen in Decatur for years. A brief service and prayer at the grave concluded the obsequies.

Won a Scholarship.

Miss Laura Johns, the accomplished daughter of Dr. and Mrs. H. C. Johns, who has been attending the Art College at Boston during the past year, has scored a victory. In the class of 400 or 500 she entered a competitive examination and was one of the five students who won a scholarship in the college for the next year. It was an achievement for which all of the members of the College were striving, and Miss Laura came out ahead with four other classmates.

Unsettled.

The members of the city council met by agreement Saturday night in committee of the whole to secure more light on the gas question. Representatives of the Decatur Gas company were present with the books of the corporation and had them "turned inside out" for the enlightenment of the council. The figures demonstrated that there was $118,000 in the plant, $100,000 of which represented the capital stock. During the past 18 years the dividends aggregated something over $74,000. On the basis of furnishing 11,000,000 feet of gas annually, it was demonstated that it will cost the company $1.47½ per thousand feet to deliver the gas ready for consumption in the stores, offices and dwellings. At the next meeting of the council there may be more action on the gas question, but how it will terminate no one can foretell. The company has expended many thousand dollars in improving the plant, and the fixed charges and outlay for extention of pipes and repairs every year are heavy. They can put the gas in the holder for 90 cents, but they claim that they cannot supply the gas at a fair profit for $1.50.

THE 85-cent excursion to Springfield this morning on the Wabash took out a big crowd. There were eight coaches filled with people, Conductor Horace Morgan in charge.

THE capital that is now lying idle in Decatur—capital owned by our own citizens—would build and maintain several new factories, which would give such an impetus to general business as Decatur has never yet seen.

THE good opinion of the public, in regard to Ayer's Cherry Pectoral, is confirmed by clergymen, lawyers, public speakers, and actors. All say it is the best remedy for affections of the throat and lungs.

HUNDREDS of people visited Oakland Park on Sunday and to-day. The Park with its equipments never looked more inviting. The Mueller Bros.' jaunty steamer is a source of popular enjoyment, giving the pleasure seekers two smooth and safe trips around the lake for a nickel. In a few days changes will be made so the steamer can get around the island at the east end.

ADDRESS BY REV. COULTAS.

On Sunday forenoon Rev. T. I. Coultas, who was 12 years of age when the war closed, delivered a memorial sermon at the First M. E. church in the presence of a congregation which nearly filled the audience room. Members of Dunham Post 141, G. A. R., the Relief Corps, and Sons of Veterans were present in goodly numbers to hear the eloquent effort. At the right and left of the organ were placed the stars and stripes in folds, and about the altar were blooming plants and cut flowers. The visiting veterans occupied seats reserved for them.

"Honor to Whom Honor is Due," taken from the 7th verse of the 13th chapter of Romans, was the theme of the clergyman, who dwelt upon the noble sacrifices of the heroes dead and living, and paid a glowing tribute to the memory of the dead and extolled in touching words the deeds of the few members of the grand army who yet survive. He said the war of '61 began in 1620 when two distinct civilizations were brought to America from Europe—one of church, liberty and schools that landed from the Mayflower at Plymouth Rock, the other of slavery and oppression that came from the coast of Africa and landed at Jamestown. Both struggled and battled against each other through the centuries until the church and liberty triumphed at Appomattox April 12, 1865, when Lee gave his sword to Grant. Now the country should be at peace. "Satan can kill, a savage can avenge." Let the bitterness of the past be wiped out, and hasten the day when the north and the south will be firmly united. In concluding Rev. Coultas alluded to the evils of the liquor traffic in strong terms, pronouncing it a greater curse than that of slavery, and he called upon the veterans to aid in the effort to crush it—not with bayonets or bullets but with the ballot. The address was full of bright ideas, and more time should have been taken to enlarge and round out the points, but that could not be done in the pulpit as the conference regulations allow but 40 minutes for the sermon. The address is generally praised by the old soldiers as a fine effort.

Put Off.

This morning the bastardy case of The People vs. Ed. Stivers came up before Justice Curtis, from whose court the case was taken to Justice Odor on a change of venue. Senator Johns appeared for the defendant, and I. A. Buckingham for the complainant, Miss Chappelle. The trial was put off until June 9th.

Right You Are.

The following send-off for Morgan appears in the *Sporting News* of St. Louis in its issue of Saturday:

There is one man out in the west who could take hold of and manage the Indianapolis club as it should be managed. We refer to A. S Morgan who managed the Peoria club of which Radbourn, the Gleasons and other now famous professionals were members. Mr. Morgan is now at his home in Decatur, Ill., and during the past week has been in correspondence with the Indianapolis officials.

THE funeral of Louise, the infant daughter of Mr. and Mrs. W. P. Shade, took place Sunday afternoon and was conducted by Rev. Prestley. There was a large attendance of friends, there being nearly 40 vehicles in the cortege.

THERE is no denying the fact that Dr. Jones' Red Clover Tonic is the most successful blood purifier ever put on the market. Its wonderful cures in all stomach, kidney and liver troubles has brought out many imitations. It restores debilitated nerve tissues, restoring the force lost by sickness, mental work or the excessive use of liquor, opium and tobacco. Dr. A. J. Stoner will supply the genuine at 50 cents a bottle. 3b

Three More Nights.

By request of a number of patrons, Maude Atkinson has extended her engagement for three nights this week, when the following plays will be presented: Monday evening, "French Spy;" Tuesday evening, "New Magdalen;" Wednesday evening, "Queen's Evidence." Prices of admission, 10 and 20 cents. The company had the hall packed to the doors Saturday night to see the "French Spy," which will be repeated this evening.

An Accident.

While at work in the Bramble sand bank Saturday evening Wesley Nichols, a cripple, was seriously injured by falling dirt, gravel and sand. When taken out it was found that one of his limbs was broken. One of the bones protruded and had to be cut out by Dr. Cass Chenoweth who was summoned to attend the unfortunate man. Nichols will be unable in future to do any manual labor.

Nature's Own True Laxative.

The delicious flavor and healthy properties of sound, ripe fruit are well known, and seeing the need of an agreeable and effective laxative, the California Fig Syrup Co. commenced a few years ago to manufacture a concentrated Syrup of Figs, which has given such general satisfaction that it is rapidly superseding the bitter drastic liver medicines and cathartics hitherto in use. If coative or bilious try it. For sale in 50 cents and $1.00 bottles by Dr. A. J. Stoner, Decatur, Ill.

TESTIMONIALS.

DECATUR, ILL., March 16th, 1887.

To the Afflicted who may see this:

For more than thirty years of my life I have suffered from that annoying affliction known as itching piles. Those similarly troubled know what that means. Last fall a friend recommended to me a remedy discovered and prepared by Mr. John Ryan, of this city. A few weeks' use of Dr. Ryan's remedy has afforded entire, and I believe permanent relief. A relief, the satisfaction and comfort of which I cannot express. I had tried for years the prescriptions of the best physicians I could consult and numerous popular remedies without relief. I most cheerfully commend Mr. Ryan's remedy to those who are suffering the like form of disease.
